Jim/Michael:

There is one issue I forgot to discuss with you last week about BFL's Exhibit B: Why was Plaintiff Kyle Alexander omitted from the list of people who ordered mining equipment and paid money to BFL? In its answer, BFL admits Kyle Alexander ordered and paid for mining equipment from BFL.

Michael and I discussed this briefly a week and a half ago or so, but I never received any further info on this.

Thank you,

Are there any other customers/orders (beside Kyle Alexander) that were put on hold and/or otherwise not included in Exhibit B for any reason?

Thank you,
